WILLIAM G. ELLIOT

Selectman
1990 - 1993

Courageous and caring are two words that best describe Bill. It was only two months after he was elected to the Board of Selectmen that he was diagnosed with leukemia. Nevertheless, he courageously fought his battle with this deadly disease while fulfilling the obligations he had undertaken when elected to office. While fighting for his life he showed us all just how much he really cared about his community.

He had pretty much won his battle with leukemia when he developed cancer and lost that battle in the fall of 1996.

Art. 24. To see if the Town will vote to sell a piece of land, approximately 3,000 square feet in size and located off Prescott Road.

Art. 25. To see if the Town will vote to reclassify approximately 500 feet of McCoy Road and approximately 220 feet of Gibbs Road from Class VI to Class V. The location of these portions to be reclassified are: McCoy Road - from the end of the Class V portion of McCoy Road to the end of McCoy Road and its intersection with Gibbs Road; Gibbs Road - from the intersection of

This all-season recreational corridor will be developed along the land known as the old railroad bed, presently owned by Guilford Transportation Company and previously owned by the Boston and Maine Railroad and such public and owned properties on or adjacent to the old railroad bed as may become available either through easement or purchase. A combination of private and Federal funds will be used to obtain the property and construct a recreational trail. The Town would then have the responsibility of administering the maintenance of the recreational trail after its acceptance by the Town. This is a non-binding article being placed on the warrant to gain a sense of how the people of Jaffrey feel about this matter.

Art. 30. To see if the Town will vote to adopt the following amendments to the Jaffrey Zoning Ordinance, as prepared by the Jaffrey Planning Board, to be voted on by Official Ballot:

1. Are you in favor of the following change to the Jaffrey Land Use Plan, as proposed by the Planning Board?

REPORT OF THE SELECTMEN

Many issues and items of business are addressed throughout the year by the Board of Selectmen. Most of these items are routine and part of the everyday affairs of operating town government. But every year also presents non-routine items that require special attention and action by the governing board and 1996 was no exception. The following are some of the highlights of 1996:

The revaluation was completed and property owners were notified of changes in their assessments for tax purposes. Overall, there was a shift downward of industrial and commercial property while residential property was reapportioned with some properties rising in value while others dropped. (Assessments are based on recent sales data). The total valuation for Jaffrey is now approximately $207,700,000 - down 5.1%. Software is being implemented to make adjustments annually in assessments which will avoid major fluctuations in property values and the expense of revaluation every ten years.

The location of the Jaffrey-Peterborough District Court was finalized with the NH Court Accreditation Committee selecting Jaffrey as the ideal location for the court facilities. A special thank you is in order for Representatives Charles Royce and Joe Manning, Town Manager Jon Sistare and the Cheshire County Commissioners for their coordination and support of this important initiative to Jaffrey and Cheshire County. Final determination of the exact location for the court facilities in Jaffrey has not been finalized and selection will depend upon the priorities of the NH Court system and funding.

The on going development projects at the Shattuck Inn Golf Course has received more than its share of town attention. These facilities have the potential of being a very important asset for the future of Jaffrey. Town officials and boards have tried to work in good faith with the management of Shattuck Inn to provide the support and guidance required for the projects being undertaken at the Shattuck Inn and will continue to do so. Permit and regulation compliance is the responsibility of all citizens and the town will continue to enforce these requirements if not adhered to. The town will continue to work with Shattuck Golf Course management to address and resolve these differences so the projects at Shattuck Inn can proceed and become the type of neighbor we all desire.

1996 marked the first year of operations of the town offices and police station in their respective new facilities. This move has worked extremely well for the town and the facilities committee is to be commended for orchestrating this plan. The old police building on River Street has been sold and is in the process of being renovated and on the tax rolls.

Water and waste water issues continue to occupy much of the time of town officials, employees, consulting engineers and volunteers. This infrastructure is critical to the citizens and businesses of Jaffrey and plans must be developed and implemented to maintain compliance for our infrastructure. A third well source is being sought with the Mud Pond site off Sharon road appearing to have promise to meet our needs. Wastewater issues focus on what type of tertiary treatment will be required at our waste water treatment plant to meet EPA discharge limitations. It should be noted these studies have stressed the importance of maintaining current infrastructure in a sound and integral manner to avoid excessive waste or operation.

It is with pleasure that the Selectmen accepted on behalf of the town the gift of the RIVERWALK from the Chamber of Commerce. Completion of this vital project linking Main Street to the parking facilities was a united partnership involving the efforts of many people and agencies. It will serve as a role model for many future endeavors for Jaffrey that will require the coordinating and partnership building necessary to succeed.

Jaffrey received a $200,000 Capacity Building Grant (CBG) through the NH Office of State Planning that will be used by Monadnock Business Ventures to establish a revolving loan fund for area businesses. This grant is designed to assist area economic development agencies to develop and extend their capacity to assist local businesses.

We would like to extend our sincere appreciation to all the Town boards and committees for their dedicated service to Jaffrey and to the employees of the town that keep and maintain our town operating and the citizens of Jaffrey for their support and input. It is an honor to be part of such a great community.

Peter Davis, Chair Maureen Desmarais David Belletete

REPORT OF THE TOWN MANAGER

A report of Jaffrey town operations for 1996 will reveal the following information which is worthy of note for this Town Report and for the annals of historical records:

- The budget for the Town of Jaffrey was managed to the point where the town portion of the tax rate was held flat for the fourth year in a row. It is this Town Manager's opinion that we can continue to control the town portion of the tax rate through more efficient operations, innovative ideas and hard work. All town department heads and employees are deliberately careful and considerate of each action they take to ensure that every tax dollar is spent wisely. As a Jaffrey resident and taxpayer, I am proud of the actions our employees take to save all of us money and not to waste our precious resources. I hope that you find their actions commendable as well.

- Together with our State Representatives, County Commissioners, Board of Selectmen, Town employees, and local residents, Cheshire County and the Town of Jaffrey received notice in November that the State would continue to keep the Jaffrey-Peterborough District Court here in Jaffrey. This was as a result of a lot of work by many people as we made our argument to the State not to relocate the District Court to Peterborough. The Court has been a part of Jaffrey, and will continue to be for the foreseeable future. It was a great effort and a grand victory for Jaffrey.

- After over a year's worth of work the revaluation of all town property was completed in the early Spring, and we had new assessments which were sent to all property owners. We held informal hearings for any property owner who requested such a hearing with the assessors. Some assessments were changed based upon those meetings. The next step to proceed if someone feels their assessment is not correct is to file an abatement application with the Selectmen. Property owners have from the date they receive the tax bill in the Fall until March 1st of the following year to file an abatement application.

- The towns of Jaffrey and Peterborough worked together this past year to set up a regional Selectmen's meeting. The first meeting was held in October and was attended by representatives from 8 towns in the Conval, Jaffrey-Rindge, and Mascenic school districts. I was encouraged by this turn-out and the common thought that by working together as a region on common services and shared challenges we could find productive and cost efficient means to provide services to the residents of our towns. It was exciting to see this effort and I will work to continue to support regional efforts whenever possible.

- Change is a continuing process and your town government has changed in the past year. Our Building Inspector's position was changed from full-time to part-time in recognition of a reduced work load. Our new Building Inspector is David Baron who works every afternoon from 1-5 p.m. and is doing an outstanding job. The Jaffrey Library had a celebration of its 100th birthday, and at the same time we said a fond farewell to Cynthia Hamilton who retired after 20 years of service to the Town. Joan Knight is her capable replacement. Also, Caroll Carbonneau who spent 11 years directing us all in our recreational activities moved on to Milford to help their Recreation Department get started. Sue Marangelli has filled the role of Recreation Director and is performing admirably. I would like to note the sad passing of Herbert Lee Burger in September. Herbie worked in our Highway Department for six years.

1997 and the years to come will continue to provide challenges to us all as we meet our responsibilities. It will take every effort any of us can give to find the most cost effective solutions for these challenges. Thank you to everyone who provides their time as an elected official, employee or volunteer to the Town of Jaffrey. A town's government is what we choose to make of it. Please do all that you can to help make it a better government, as it belongs to us all.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
Board of Selectmen
Town of Jaffrey
Jaffrey, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Jaffrey as of and for the year ended December 31, 1996. These general-purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Jaffrey has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Jaffrey, as of December 31, 1996, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedule listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Jaffrey. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

In accordance with *Government Auditing Standards,* we have also issued a report dated January 16, 1997 on our consideration of the Town of Jaffrey's internal control structure and a report dated January 16, 1997 on its compliance with laws and regulations.

REPORT OF THE LIBRARY TRUSTEES

1996 was certainly a busy year for the Jaffrey Public Library. We hope that you were able to participate in some of the events held at the library ranging from Story Times, the Summer Reading Program, Book Talks, Santa's Visit or the Currier Gallery Slide Show which was sponsored by the Friends of the Library.

1996 marked the retirement of Cynthia Hamilton from here position of Library Director. We wish her well and would like to thank Cynthia for her years of dedicated service to the Jaffrey Public Library. Joan Knight was hired to replace Cynthia and started in her new position on July 1. She comes to us with much experience and enthusiasm. Stop in and introduce yourself to her. She aims to please.

In a few short months the library will be fully automated and on-line. This means that the entire library collection will be cataloged in a user friendly computer system making it easier to find material in our extensive collection. The staff will be ready to assist you in using this new system.

On July 4, the Jaffrey Public Library celebrated its 100th Anniversary. The festivities started at 10 a.m. with a performance by the University of New Hampshire's Little Red Wagon Theatrical group for the children of Jaffrey. The performance was well attended and enjoyed by all. At 2:00 p.m. the Trustees of the library invited the public to attend a celebration program. Approximately 200 people attended. The program included speeches, introductions of past and present Trustees, Directors, Staff and invited guests. A highlight of the program was a concert by pianist, Virginia Eskin, in the Bean Room and an automation demonstration. Many thanks go to Elizabeth Shea and Helen Krause who were co-chairs for this event and to the Jaffrey Friends of the Library.

To our dedicated staff, friends, supporters, donors, volunteers and everyone else who has given time and support to the Jaffrey Public Library, we say a very sincere THANK YOU. Without your support our continued success and service to the citizens of Jaffrey would not be possible.

Sincerely,

The Jaffrey Public Library Trustees:

John J. Stone, Chairman
Patricia Cournoyer, Treasurer
Frederick S. Richardson
Lyn Lambert, Secretary
Elizabeth Shea

REPORT OF THE ANIMAL CONTROL OFFICER

Since taking over as the Animal Control Officer in January of 1996, you may or may not be aware of some changes that have come about. The reason these changes were made was to bring some sort of enforcement consistency to the Animal Control Position.

For enforcement purposes, everyone was issued a warning notice for a first offense violation with respect to cat and dog complaints. Owners of livestock (i.e. cows and horses) are exempt from this due to the fact that there are no Town Ordinances or Laws in place for dealing with this. Second offense or subsequent violations are either issued a civil forfeiture fine or a summons.

One big problem that I noticed in 1996 were the large number of dogs that I had contact with that had no current license, rabies tag or other identifying feature. This made it extremely hard and time consuming to find the respective owner and get your pet safely returned. Hopefully with the actions taken by the Town Clerk this fall, the problem will be corrected for 1997.

As with any town function job, I could not have done this alone. I would be remiss if I did not make the following acknowledgments. I would like to thank Jean Sirois, owner of 4 Paws Shelter. Some people are under the misconception that she is compensated with tax dollars by the town of Jaffrey every time we take an animal there. However, she is not. Her time and efforts are donated. I would also like to thank Maria Chamberlain, Town Clerk, and every member of the Jaffrey Police Department. This is definitely a team work position.

Finally, just a friendly reminder, please make sure that all of your dogs are licensed for 1997 by April 30th.

REPORT OF THE POLICE DEPARTMENT

It is with enthusiasm that I present to you the 1996 Annual Report of the Police Department. We at the department could not be prouder of the support you as a community have provided us during this most difficult year.

This past year has been one of the busiest in recent memory. Unfortunately, Jaffrey suffered its first homicide in several years; we investigated two separate heroin deaths. Arrests increased by over 25% and our calls for service increased by over 10%.

In spite of all that was thrown at us this past year, you can be proud of the department's efforts in making Jaffrey a safer community and its effectiveness in the prevention of crime.

The Police Department applied for and received several thousand dollars worth of federal grant money to purchase equipment and provide additional police services for our community.

The department moved into a new facility in March, 1996. The Open House in April was attended by over 500 people!

The Department takes great pride in starting Jaffrey's first Law Enforcement Explorer Post serving several local youths ages 14 to 21.

For the first time in years, our juvenile problems actually decreased. I firmly believe that our youth aid endeavors, coupled with your commitment as a community to face this problem head-on, rather than choosing to ignore it as happens too often in lesser communities, has had an enormous impact. We must continue our efforts.

The Jaffrey Police Department is totally committed to providing our community with well trained police officers who possess a humanistic approach to problem solving.

Gary A. Phillips
Chief of Police

REPORT OF THE PUBLIC WORKS DEPARTMENT

The Jaffrey Department of Public Works is composed of five separate functional departments: Highway, Cemeteries/Parks & Commons, Transfer Station/Recycling Center, Water, and Sewer.

Between November 19, 1995 and April 8, 1996 the Department responded to 17 winter storm events, and Department personnel were specifically recognized by the Jaffrey Board of Selectmen for the outstanding service they provided during this period. With the coming of spring, emphasis shifted to summer road maintenance and repair. Town roads (or portions thereof) repaired under the 1996 Reconstruction and Shim and Seal Programs included: Stratton Road, Howard Hill Road, Michigan Road, Gilmore Pond Road, Fitzwilliam Road, Bryant Road, Lawrence Street, Burrington Street, Pine Street and Carey Road.

Since the Water, Sewer, and Cemeteries Departments do not have any construction equipment of their own, the Highway Department provides this type of support during water and/or sewer line repairs and interments. The 12-inch water main on Squantum Road suffered a major break in the spring, and Water and Highway personnel did an outstanding job making both the immediate emergency repairs and the permanent repairs later that summer. During 1996, Highways and Cemeteries personnel assisted with 20 full burials or cremation interments. Also in 1996, the Town was notified that it had received a grant in the amount of $285,542 from the New Hampshire Department of Environmental Services for 20% of the eligible costs incurred in conjunction with the closure of the Town Landfill in 1992.

The Water System Improvements Project continued through 1996 with the repair of the Main Street/Route 124 water main and the initiation of test well explorations for potential groundwater sources in the Little Michigan, Cary Park, and Mud Pond areas. In addition to these actions, Public Works introduced a new treatment process into the Town water system as a means of controlling a major staining problem caused by manganese, which naturally exists in New England water.

The first phase of the design process for the Wastewater Treatment Facility (WWTF) Upgrade was initiated in the spring of 1996 when Infiltration/Inflow (I/I) and Sewer System Evaluation Survey (SSES) actions began. These included measuring flows in the sewer system, isolating areas of high flow, performing smoke and dye water testing of various sections of the system, and making 'house-to-house' inspections of sewer user's homes and businesses. Also as part of the design process, a Recirculating Sand Filter (RFS) pilot was initiated at the WWTF to study this method as a means of reducing ammonia levels in the WWTF effluent during the winter months.

REPORT OF THE PARKS AND RECREATION DEPARTMENT

The Jaffrey Parks and Recreation Department underwent several changes in 1996. Change usually evokes a number of different feelings, most notably; excitement, anxiousness, fear, anger, happiness, relief, and others. The departure of Director Carol Carbonneau and Parks and Maintenance Laborer William Kenney impacted the department. This ushered in a change in the manner in which the department is administered, managed, and maintained. That said, the department's goals for the future are:

- to offer programs which meet the needs of more Jaffrey residents
- to bring in revenue to offset budget expenditures
- to work to encourage the community of Jaffrey to take pride in their parks and recreational programming by getting involved
- to reposition our department as much more than fun and games but as a critical part of our community, lives, economy, and environment.

In this era of change, please do not hesitate to share your ideas with the staff of the parks and recreation department.

Before listing the 1996 programs, a word of thanks is necessary to the parents and community leaders who volunteer their time to the Jaffrey Parks and Recreation Department programs and to the sponsors who make them possible. The coaches of youth programs, the Jaffrey Friends of Recreation, and the Jaffrey Chamber of Commerce stand out as demonstrating tremendous commitment to the department, and ultimately, the town. In addition, local charitable groups, businesses, and service organizations donated funds to a wide variety of events.

Programs offered in 1996 were wide in spectrum and served a well-rounded segment of the citizenry. Commencing in January, there were many programs offered. A sampling of some of these programs were: youth basketball, the walking club, adult volleyball, a men's basketball league, swimming lessons for children and senior citizens, ice skating at Humiston Rink, and more. Continuing into February were yoga and relaxation classes, Disney on Ice trip, open gym, and the continuation of winter sports. Along with March came senior trips, adult health and fitness, more swimming lessons. April was very busy, with events and programs such as the Easter Egg Hunt, Emergency Water Safety classes, Earth Day, a softball clinic, school vacation programming, open gym, a bike safety rodeo, registration for baseball and softball, coach's certification clinics, umpire clinics, and golf lessons. The month of May brought trips to see singer/actress Florence Henderson and the 100th Anniversary of Rogers and Hammerstein, the return of adult open basketball, and the continuation of spring sports. June, of course, is the end of the school year, and the Jaffrey Parks and Recreation Department stepped to fill that need.

Summer programming is at the heart of what people think when they think of the recreation department. Last year was no exception, with the Hershey track and field club, teen odd-job programs, Adventures in Movement Camp, soccer training camp, American Red Cross swimming lessons, NFL youth football training camp, Kindermusik camp, and Arts in Motion theater camp. Community volunteers began preliminary work on establishing a Teen Center for the youth in town. For adults, there were golf lessons, ADPRO soccer, volleyball, a trip to Newport, and the Summer Bandstand Concert Series. All of this was, of course, offered in conjunction with the maintenance

and management of Contoocook Lake, Shattuck Park at Thorndike Pond, and Humiston and the Jaffrey-Rindge Community School District's fields. All of these events occurred with the knowledge that Carol Carbonneau, Director of the Parks and Recreation Department was leaving the Town of Jaffrey. This would have been impossible without the incredible dedication of Janet Sullivan - Parks and Recreation Secretary, Tammy Burrows - A.I.M. Camp Director, Erin Ojala - Head Life Guard, and Sharon Fraser - Recreation Technician, who all rose to meet the challenge of running and administrating programs without a director. The only true casualty was the 10th annual John Morgan Road Race, which was canceled due to lack of a manager.

Autumn brought the soccer season, and youth soccer registered over 175 children! The 6/7 grade soccer program began, as did the new director, Susan E. Marangelli. Programs included the re-institution of the Halloween Window Painting Contest, the annual Halloween Party and Haunted House, the opening of the new Jaffrey Teen Center, registrations for Silver Valley and Emerald Valley Basketball, registrations for the Temple Mountain Ski Program, senior swim, and the institution of a 3rd and 4th grade traveling basketball team for boys and girls.

Finally, winter came to Jaffrey. The majority of December was spent on Holiday festivities to include the Tree Lighting ceremony, the 14th annual Christmas Fair and Santa letters for school aged children. Sports programs for 1997 accepted registrations to include youth basketball, men's league basketball, the walking club, senior and children's swimming lessons, and more. Unfortunately, winter brought the sad news that William Kenney resigned his position as Parks and Maintenance laborer.

As for the future of the Parks and Recreation Department, one looks to a quotation from our own Declaration of Independence describing truths in our society, "that among them are life, liberty, and the pursuit of happiness." It is our time to play, as adults, children, teens, and senior citizens. As Laurence S. Rockefeller and Harry S. Truman once said:

> Recreation is no longer simply having fun. Rather, it involves the kind of America we have, and want to have, and the kind of people we are and are likely to become…(and that) the right of children to play, to sing and to dance; the right of youth to sport for sports' sake; the right of men and women to use leisure in the pursuit of happiness in their own way, are basic to our American heritage.

We realize that there is a vast difference between the standard of living and the quality of life. Think about volunteering for a program. Let's work together to provide the best parks and recreation department we can. Your efforts will be appreciated by the participants, and you will experience the satisfaction of knowing you helped someone.

Respectfully submitted,

REPORT OF THE OVERSEER OF PUBLIC WELFARE

In the past year (1996) the level of demand for assistance seems to have reached a plateau. The requests for aid were nearly equal to those of 1995. The reforms made to State and Federal assistance programs had little or no direct impact on expenditures from Town funds. As more individuals and families made the move from dependency to self sufficiency fewer required the support of the Town. Although this movement is encouraging, the declining age of the people who do seek assistance is cause for concern. More and more young people seem to be less well equipped to provide for themselves and their families.

Adding to this problem is the shrinking availability of low cost rental housing. The increased cost of housing has taken an increasing portion of wages from already small pay checks. In the years ahead the Town, in cooperation with public and private agencies, will have to look towards means to alleviate this situation.

Once again this year I would like to acknowledge the many groups, organizations and agencies who give so freely of their time and energy. Without their help and support many of our neighbors would face much harsher lives.

REPORT OF THE FIRE DEPARTMENT

Calls have increased again in 1996, the demand for Fire Department services continues to rise each year. In 1996, the Fire Department answered 175 calls. The breakdown is listed below:

M.V. accidents, M.V. fires and fuel leaks	30%
Fire calls (structure, brush, etc.)	20%
Automatic alarms (often false)	20%
Service calls	20%
Mutual Aid to surrounding communities	10%

We are continually looking for good people to become Firefighters. As with other local communities, we are still experiencing a shortage of volunteers. This shortage is not critical at this time.

Firefighters spent many hours in 1996 re-powering and rebuilding Jaffrey's Forestry truck. It has worked out very well and should serve the Fire Department for many years. We have spent considerable time in training and money for equipment to improve our wildfire fighting capabilities.

In 1996 the Fire Department spent a large portion of its budget on vehicle maintenance. There were no serious problems, however, fire apparatus must be held to a higher standard than most vehicles. We can assure the citizens of that, they have an excellent fleet of fire apparatus. We are recommending that we continue to place $25,000 in Capital Reserve for the eventual need or major repair of fire equipment.

Firefighters continue to train monthly. We train with other local fire departments as well as our own. Jaffrey firefighters are required to be Firefighter Level One certified. We have also taken all of the state mandated training.

We want to thank the citizens of Jaffrey and the Jaffrey Chamber of Commerce for their continued support.

We thank the firefighters of Jaffrey for their service, dedication and the many hours spent at fund raising to purchase much needed equipment.

We thank the wives and families of our firefighters for their support and understanding.

We wish to acknowledge and give a special thanks to the employers of Jaffrey's firefighters, allowing them the time to be 'call' firefighters. Without their cooperation Jaffrey could not have a 'call' Fire Department. Many of Jaffrey's employers have done this for many years. We applaud them for their community service.

John A. White, Chief Kevin Chamberlain, Assistant Chief

REPORT OF THE
JAFFREY VFW MEMORIAL AMBULANCE, INC.

The following report was submitted by the Jaffrey VFW Memorial Ambulance so the taxpayers of Jaffrey and Rindge could appreciate the savings in their budget from this free service. The ambulance service remains strong due to the generous donations and support from the townspeople of Jaffrey and Rindge as well as the dedication of the members on the squad. The EMT's and Auxiliary Members affiliated with the Jaffrey VFW Memorial Ambulance, Inc., do not receive any compensation for their time, however, in this analysis the cost saving is calculated by using a compensation rate of $7.00/hour, the average pay of a call firefighter.

REPORT OF THE PLANNING BOARD

Applications submitted to the Planning Board in 1996 included six site plan reviews, six subdivisions, one earth excavation permit and one discretionary easement recommendation. All were approved except for two site plan proposals. One conditional site plan approval was revoked.

Last year the Board requested a moratorium on land application of septage/sludge until further research could be done. Mr. Dan Griffin and Mr. Richard Grodin, after studying the question, recommended that all such land application be banned in Jaffrey. The Board approved the recommendation and will present the question to the 1997 Town Meeting.

Additional proposed changes to the Land Use Plan are newly written descriptions of the zoning districts and regulations for cellular towers.

The interim updating of the Master Plan continues with assistance from the Conservation Commission, the Historic District Commission, SWRPC and the general public.

A generous bequest from the estate of Joseph Morgan for the 'beautification' of Jaffrey was received this year. Suggestions or proposals are welcomed.

Finally, the Board would like to thank Norman Soney for volunteering hours of work on the written descriptions of the zoning districts. The accuracies are his; the mistakes are ours.

Respectfully submitted,
Diane Schott, Chair

REPORT OF THE BOARD OF ADJUSTMENT

In 1996, the Jaffrey Board of Adjustment received seven applications requesting nine separate Variances and Special Exceptions. Seven of the requests were approved, one was denied and one was withdrawn.

Variances were requested in the following categories:

Variances - Setbacks	2
Variances - Sign Ordinance	1
Variances - General Provision	2
Special Exceptions	4

The Jaffrey Board of Adjustment invites and encourages interested parties to attend the Public Hearings. In some cases, a variance request might have an affect on properties not abutting the applicant's property. Input from all parties is encouraged and appreciated.

REPORT OF THE INDUSTRIAL DEVELOPMENT AUTHORITY

As we entered 1996, the IDA knew that we had a challenge for this year and the years to come. The revaluation of property was underway and every indication led to us knowing that we could expect the value of property to drop in Jaffrey, most specifically the commercial and industrial properties. These assessments are set on recent sales of similar property, and the trend in Jaffrey and the region has been for commercial and industrial properties to decline in value, especially as compared to assessments which were set in the mid to late 1980s.

In late 1995, the IDA presented to the Planning Board a proposal to rezone some property off Old Sharon Road from rural to industrial. This attempt failed out a variety of concerns. The lesson learned from this experience has been to seek a wide base of support before pursuing another avenue such as this. It is the feeling of the IDA to support an initiative which will garner from the town's residents exactly how they feel about industrial and commercial growth. It is the feeling of the members on the IDA that the Town does support growth, otherwise there would not have been a majority vote to establish the IDA and spend tax money on efforts to expand our industrial and commercial property base.

Members of the IDA joined the Selectmen in late 1996 in a business visitation program. Four businesses were visited and we met with either the owner or the manager of the site in Jaffrey. The common concern among all these businesses was the difficulty in finding a trainable workforce to meet the demands of today's technology and requirements in the workforce. We will pass this word on to the those persons involved in the education of today's workforce.

The IDA supports the concept of regional economic development efforts and we feel Jaffrey will be a beneficiary of the recently awarded grant to Monadnock Business Ventures for $200,000 to expand their efforts in the region. Also, the IDA supports and applauds the efforts of the Southwest Regional Planning Commission to provide a county wide economic development coordinator to assist towns like Jaffrey to grow and prosper.

Finally, a subcommittee of the IDA is currently looking at different areas of town to locate sites for additional industry. A wide base of support will be developed before any specific area is promoted.

Jonathan Sistare
Industrial Development Authority Chairman

REPORT OF THE CONSERVATION COMMISSION

The Jaffrey Conservation Commission (JCC) is an all volunteer advisory board appointed by the Selectmen, whose concerns are with the quality of air, water and land in Jaffrey. The Commission is in its 24th year, having been established by town vote in March of 1972.

The JCC's work, in part, it to act as the eyes and ears of Department of Environmental Services, evaluating and making recommendations to the DES and the state Wetlands Board.

This year the JCC commented on the D.D. Bean dam replacement on Cheshire Pond and the Fitch Road bridge replacement projects and also illegal wetland projects at the Shattuck Inn Golf Course. The Jaffrey Master Plan is being updated and the Commission attended a Planning Board meeting in order to provide current thought on the Conservation section of the plan.

The Conservation Fund has a balance of approximately $14,000, the balance of which is in a short term CD. We will use the funds for the benefit of the community, such as the purchase of the abandoned railbed in town or other 'green' projects throughout town or the region.

The yearly Great Blue Heron Rookery Census was held in June. Seven nesting sites were visited and thirty-two chicks were observed.

Jim Bacon was appointed to the Commission. Other members include Bill Jack, Bill Smith, Dale Charles, Charlie Koch and Harvey Sawyer. Maureen Desmarais is the Selectmen's representative.

Respectfully,

Bill Elliott, Chairman

REPORT OF THE JAFFREY HISTORIC DISTRICT COMMISSION

The Jaffrey Historic District Commission had a very busy and productive 1996. In January Owen Houghton and Bill Driscoll were appointed Co-Chairmen of the Commission. During the year Linda Giragosian, Helen Cox, Charles Palmer, John Sanderson and Joanne Buck were appointed to replace retiring members.

As a result of the approval of four grant projects, three substantial assignments were successfully completed with the Tourism Guide Project deferred until 1997. In June the Town of Jaffrey was host to over 300 people attending an all day conference on Meeting Houses, Steeples, Clocks and Weathervanes held at our Meeting House and other historic facilities. The following day a 'Steeple Chase' showcased historic landmarks in many cooperating Monadnock region towns.

Grant money also provided the funding for an update of the Historic District Guidelines, published in booklet form after careful review by preservationists and the general public.

The third project was a survey and detailed documentation, with historical data and pictures, of agricultural buildings in the town of Jaffrey, available at the Library.

The Historic District Commission was also responsible for the return of the granite sign posts and 'running horse' street markers in the District.

An attempt to replace the absent sidewalk in the District with an historically appropriate replication has been subject to ongoing discussions with the New Hampshire Department of Transportation in Concord. Hopefully, the matter will be resolved in the near future.

In addition, to the foregoing, meetings were held on a monthly basis to continue the preservation of structures and places of historic and architectural value declared to be a public purpose by the Jaffrey Town Meeting in 1969.

Respectfully submitted,

Owen R. Houghton and William M. Driscoll, Co-Chairmen
Joanne A. Buck, Planning Board Representative
Helen Cox

REPORT OF THE MEETINGHOUSE COMMITTEE

The Meetinghouse was treated this year to a complete repainting. This cost $16,189 and took from June until October to fit in with all of the activities taking place in the venerable hall. There has arisen a problem which has been duly noted, that the south wall is discolored and has large blisters after a period of rain or snow. A meeting was held with the painter, the Committee, Town Manager and a couple of paint specialists. This Spring, the paint will be removed and repainted and it is felt that the problem will be resolved.

The Village Improvement Society spent $7000 having the four faces of the clock removed, refurbished, painted, new numerical dentils and hands regilded.

It is necessary to have the interior of the Meetinghouse refurbished and repainted in 1997 as it now looks dingy in comparison to the exterior and the clock.

The following meetings, concerts, forums, weddings, fairs and tours were held in the Meetinghouse this year:

Conant High School held their Shakespeare Festival
The Amos Fortune Forum has seven successful lectures and a Chataugua presentation to commemorate their 50th Anniversary.
The Monadnock Music had several well attended concerts.
The Thorndike Pond Association held their Annual Meeting.
The Historic District Commission held several meetings during the summer months and hosted a well attended conference/workshop on MEETINGHOUSES, STEEPLES, CLOCKS AND WEATHERVANES.
The First Church held their Annual Fair.
There were three weddings held during the season.
Several hundred school children and many adult groups toured the Meetinghouse as well as the Little Red Schoolhouse and Melville Academy.
